

the Wahl Centre at Taylor presents

THRIVE!

MAY 28 – 31, 2019

part of the Healthy Pastors Initiative

A critical issue for pastors today is sustaining personal and vocational health. As part of its Healthy Pastors Initiative, the Wahl Centre at Taylor invites pastors to come together for a three day event that will dig deeply into the top five identified themes of resiliency in pastoral ministry. These insights, prayerfully considered, have the power to profoundly re-shape your ministry and your personal life.

KEY AREAS OF CONVERSATION:

- 🌿 Spiritual Formation
- 🌿 Self-Care
- 🌿 Emotional and Cultural Intelligence
- 🌿 Leadership
- 🌿 Marriage and Family

No matter how long you have been in ministry, no matter how well or how poorly things are going, and no matter if you feel like you are too busy to attend –
This event is for you.

Join Rev. Sam Nikkel, Dr. Ray Seutter, Darren Kanwischer, Dr. Carol Potratz and Ben Trites at this beautiful retreat centre in the Alberta foothills.
